

**1006f** (CC)  
**NFPA Hazardous Materials Labeling and Identification**

(General Industry) (English or Spanish) (7 Minutes)  
NFPA labeling and ID program defines and stresses the importance of understanding these signs and placards.

Written Materials on CD-ROM Includes (English Only):

- NFPA Haz Mat Labeling Leaders Guide
- NFPA Haz Mat Labeling Employee Handout
- OSHA Hazard Communications Booklet
- Exam and Answer Key

**DVD: \$134.95**      **VHS: \$99.95**  
*(Add \$35 for Closed Captioning on DVD or Video)*

**1007f** (CC)  
**Chemical Safety**

(General Industry) (English or Spanish) (7 Minutes)  
Educates employees who use, handle, store, and dispose of chemicals in the workplace. Meets general requirements for employees who use small amounts of chemicals on a daily basis.

Written Materials on CD-ROM Includes (English Only):

- Industrial Hygiene Control Sheet
- Chemical Safety Leaders Guide
- Chemical Safety Employee Handout
- Exam and Answer Key

**DVD: \$134.95**      **VHS: \$99.95**  
*(Add \$35 for Closed Captioning on DVD or Video)*

**1051f**  
**Hazardous Waste & Chemicals**

(General Industry) (English or Spanish) (11 Minutes)  
What is hazardous waste? What are the dangers? What to do if there is a spill? These are some questions that get answered in this broad overview of working safely with and around hazardous wastes and chemicals. Other issues addressed are exposure avoidance, contamination avoidance, MSDS, and PPE. Includes safe work practices when handling, using, storing, or disposing of hazardous materials.

**DVD: \$160.00**      **VHS: \$125.00**

**1052f**  
**How Did Those Chemicals Get In The Workplace**

(General Industry) (English) (7 Minutes)  
Excellent training program for supervisors and employees that use chemicals. Explains proper procedures for introducing new chemicals into the workplace.

**DVD: \$160.00**      **VHS: \$125.00**

**1008f** (CC)  
**Hazardous Materials / Spill Clean Up**

(General Industry) (English or Spanish) (15 Minutes)  
Excellent program for all persons using hazardous materials. Program explains clean up procedures, emergency action, hazardous waste and provides information to help control the effects of spills and clean up operations.

Written Materials on CD-ROM Includes (English Only):

- OSHA Hazard Communications Booklet
- Hazardous Materials Spill Leaders Guide
- Hazardous Materials Spill Employee Handout
- Exam and Answer Key

**DVD: \$134.95**      **VHS: \$99.95**  
*(Add \$35 for Closed Captioning on DVD or Video)*

**1009f** (CC)  
**Hazardous Materials & Flammable Safety**

(General Industry) (English) (16 Minutes)  
Defines hazardous materials and flammables, fire triangle, UEL, LEL, flash points, and other information necessary for safety improvement when working with these materials.

Written Materials on CD-ROM Includes (English Only):

- OSHA Hazard Communications Booklet
- Haz Mat & Flammables Leaders Guide
- Haz Mat & Flammables Employee Handout
- Exam and Answer Key

**DVD: \$134.95**      **VHS: \$99.95**  
*(Add \$35 for Closed Captioning on DVD or Video)*

**1014f**

**Introduction to Industrial Toxicology**

(General Industry) (English or Spanish) (15 Minutes)

What is toxicology? Terms, definitions, and entranceways of toxins into the body are covered in this extensive video. The different types of hazards, hazard identification, and exposure limits are explored, including the different types of TLV. Basic emergency response procedures are outlined as well as how to use Emergency Response Guidebooks to identify and properly respond to chemical hazards.

**DVD: \$134.95      VHS: \$99.95**

-----

**1004f**

**Flammable Liquids Safety**

(General Industry) (English) (9 Minutes)

This video contains instructions for employees working with flammable liquids. Defines LEL, UEL, flash points, and other potential explosions by reducing static electricity when transferring flammables.

**DVD: \$134.95      VHS: \$99.95**

-----

**1005f**

**Bonding & Grounding of Flammable Liquid**

(General Industry) (English or Spanish) (9 Minutes)

Illustrates static electricity, bonding and grounding of flammable liquids, how to reduce the effects of potential explosions by reducing static electricity when transferring flammables.

Includes Exam & Answer Key on CD-ROM (English Only).

**DVD: \$134.95      VHS: \$99.95**

-----

**1043f**

**H2S - Hydrogen Sulfide**

(General Industry) (English or Spanish) (12 Minutes)

This newly developed program meets the academic training requirements for those persons who work in an area with potential hydrogen sulfide exposures. Program explains new TLV and other important safety rules relating to hydrogen sulfide.

Written Materials on CD-ROM Includes (English Only):

- H2S Leaders Guide
- H2S Employee Handout
- H2S Exam and Answer Key

**DVD: \$134.95      VHS: \$99.95**

**Call us Toll Free!**  
**(888) 443 - 1600**

**1018f**

(CC)

**Safety Training & Emergency Preparedness - S.T.E.P.**

(General Industry) (English or Spanish) (10 Minutes)

This video is all about the STEP program of Hazardous Waste Operations (HAZWOPER), also known as Safety Training and Emergency Preparedness. It lays a solid foundation for the employee to learn all about HAZWOPER and Emergency Responses. Along with this is a general survey of the CERCLA and CFR laws that are in place when dealing with Hazardous Materials.

Written Materials on CD-ROM Includes (English Only):

- S.T.E.P. Leaders Guide
- S.T.E.P. Employee Handout

**DVD: \$134.95      VHS: \$99.95**

*(Add \$35 for Closed Captioning on DVD or Video)*

-----

**1022f**

**Flammables & Combustibles**

(General Industry) (English or Spanish) (8 Minutes)

Teaches safety awareness when working with flammable and/or combustible materials. Demonstrates how to store, use, handle, proper labeling and disposal of these materials.

**DVD: \$134.95      VHS: \$99.95**

-----

**1046f**

**Carbon Monoxide Poisoning**

(General Industry) (English) (13 Minutes)

Defines carbon monoxide poisoning and how to reduce the effects of this health hazard. Almost every industry is exposed, but very little attention is given to its effects. Excellent awareness program.

**DVD: \$134.95      VHS: \$99.95**

-----

**1049f**

**DOT Shipping of Hazardous Materials**

(General Industry) (English) (14 Minutes)

Designed to meet the training requirements of anyone involved in the shipment of hazardous materials, which includes shipping/receiving personnel. Explains CFR 49, Parts 100-185. Discusses the North American Emergency Response Guidebook, HAZMAT training requirements for shippers, and teaches students how to use 49 CFR HAZMAT tables and special provisions. Excellent basic course for shipper of hazardous materials. How do you ship hazardous materials? U. S. Postal Service? U. P. S.? FEDEX? This training program explains the proper method.

**DVD: \$134.95      VHS: \$99.95**

**1050f**

**Working with Benzene**

(General Industry) (English) (16 Minutes)

Benzene is a carcinogen widely used by a number of industries. This video fully explains the health hazards of working with Benzene, proper safety procedures, personal protective equipment, and MSDS information. Explains TLV, IDLH, PPM, workplace exposures, and more. Includes Exam & Answer Key on CD-ROM

**DVD: \$134.95      VHS: \$99.95**

-----

**1017f**

**Life Saving Through Air Monitoring**

(General Industry) (English or Spanish) (13 Minutes)

A survey of common toxic atmosphere hazards including oxygen deficiency, hydrogen sulfide, carbon monoxide/dioxide. Also covered are general examples of air monitoring techniques, sampling, calibration, and how to deal with combustible/toxic gases.

**DVD: \$134.95      VHS: \$99.95**

-----

**3008a**

**Chlorine Safety**

(General Industry) (English) (12 Minutes)

The danger of Chlorine is well documented, yet many employees are still injured each year by this deadly gas. This program explains the risks and hazards associated with the use of Chlorine. Also covered are safe use and leak procedures.

**DVD: \$104.95      VHS: \$69.95**

-----

**1015h**

**Hazardous Materials / Maintenance Department**

(General Industry) (English) (27 Minutes)

Excellent program for anyone working in a repair shop, maintenance facility or other general maintenance area. Explains the safety basics for working with a variety of chemicals and hazardous materials, e.g., solvents, flammables, glues, gases, and other potentially hazardous materials.

**DVD: \$134.95      VHS: \$99.95**

-----

**1047f**

**Environmental Regulations**

(General Industry) (English) (10 Minutes)

This program is an overview of a basic risk management program for those companies who use hazardous chemicals. Reviews environmental regulations relating to hazardous chemicals.

**DVD: \$134.95      VHS: \$99.95**

**1048f**

**Indoor Air Quality**

(General Industry) (English) (11 Minutes)

This program explains proper indoor air quality programs and the hazards associated with poor indoor air quality. Designed to allay fears of those office workers who believe their office building or indoor air quality is poor. Good program for all employees and management to learn how to improve indoor air quality.

**DVD: \$134.95      VHS: \$99.95**

-----

**1023i**

**Environment & Your Responsibility**

(General Industry) (English or Spanish) (10 Minutes)

Stimulates audiences to care more about the environment at work and at home. Stresses personal responsibility for housekeeping, clean environment, following company procedures relating to properly disposing of hazardous materials/chemicals, and more.

**DVD: \$134.95      VHS: \$99.95**

-----

**3030a**

**EPCRA: Emergency Planning  
Community Right to Know Act**

(General Industry) (English) (19 Minutes)

Put into effect in 1986, EPCRA is used to educate states on potential chemical hazards. This video shows how and where the information can be found, which companies must report their chemical use information, and what their method of disposal is.

**DVD: \$160.00      VHS: \$125.00**

-----

**5040a**

**Chemical / Biological Preparedness  
Threat**

(Hospitality / Hotel / Motel) (English) (20 Minutes)

This program outlines the potential chemical and biological threats facing us today. Also included are measures organizations can take to reduce these threats at work and at home. Excellent training program for companies wanting to help prepare employees for these potential threats.

**DVD: \$160.00      VHS: \$125.00**

**Call us Toll Free!**  
**(888) 443 - 1600**

**5041a**

**Anthrax Threat**

(Hospitality / Hotel / Motel) (English) (15 Minutes)

This program fully explains what companies and employees can do to reduce the threat. This program features Dr. Dennis Perrota, State Epidemiologist for the State of Texas, who explains how to protect yourself from the threat. This is the best training video on this topic in the industry.

**DVD: \$160.00      VHS: \$125.00**

-----

**5042a**

**Nuclear Radiation and Anti-Terror Training Video**

(Hospitality / Hotel / Motel) (English) (15 Minutes)

This video was developed with the assistance of Homeland Security, Louisiana Emergency Response, and the 62nd Weapons of Mass Destruction Civil Response Team.

Additionally, Chris Troesh, a Nuclear, Biological, and Chemical expert has made this program easy to understand and provides needed information for anyone who may be exposed to nuclear radiation, primarily from the explosion of a dirty bomb, or accidental release. This is a training program for all employees, as the threat of a dirty bomb in the USA is high.

**DVD: \$160.00      VHS: \$125.00**

-----

**7054a**

**Chemical Safety**

(Schools / Child Care) (English) (7 Minutes)

Educates employees who use, handle, store, and dispose of chemicals in the workplace. Meets general requirements for employees who use small amounts of chemicals on a daily basis.

**DVD: \$134.95      VHS: \$99.95**

-----

**7083a**

**Chemical / Biological Preparedness**

(Schools / Child Care) (English) (20 Minutes)

This program outlines the potential chemical and biological threats facing us today. Also included are measures organizations can take to reduce these threats at work and at home. Excellent training program for companies wanting to help prepare employees for these potential threats.

**DVD: \$160.00      VHS: \$125.00**

**9009a**

**Fleet Shop Safety and Hazardous Materials**

(Automotive) (English or Spanish) (10 Minutes)

Addresses hazardous materials and safety issues common to the automotive shops. Specifically targets material safety data sheets, chemicals, asbestos, and safety procedures.

**DVD: \$134.95      VHS: \$99.95**

-----

**16013a**

**Chemical Safety**

(Agriculture) (English or Spanish) (8 Minutes)

This program covers chemical hazards at home and work. Complements training in hazard communications and an overall review of chemical safety. An excellent training tool.

**DVD: \$104.95      VHS: \$69.95**

-----

**16020a**

**Pesticide Safety**

(Agriculture) (English or Spanish) (12 Minutes)

This excellent program discusses and educates employees in the agriculture environment about the dangers and safety precautions involved when working with pesticides.

Includes written materials on CD-ROM (English Only):

- Pesticide Safety Leaders Guide
- Pesticide Safety Employee Handout
- Exam and Answer Key

**DVD: \$104.95      VHS: \$69.95**

-----

**18007a**

**Chemical / Biological Preparedness Threat**

(Emergency Preparedness) (English or Spanish) (20 Minutes)

This program outlines the potential chemical and biological threats facing us today. Also included are measures organizations can take to reduce these threats at work and at home. Excellent training program for companies wanting to help prepare employees for these potential threats.
